_____

PROFESSIONAL SUMMARY

Passionate web developer with expertise in Python, C#, HTML/CSS, PHP, Swift, JavaScript & TypeScript, MySQL, SQLite, and MongoDB. Background in graphic design, video editing, and 3D modelling. Completed a bachelor's degree in information technology with a major in Software Development. Proven track record of academic excellence, with a GPA of 6.0 (scale 1-7). Experience in full-stack development, including front-end design with React Native, Angular, Laravel, and backend development with Node.js. Excellent communication skills and a strong ability to work in a team.

EDUCATION

2021-2023

Bachelor of Information Technology
Griffith University
Major: Software Development
Grade Point Average: 6.0 (Scale 1-7, 7 being the highest)

Achievements:
- Academic Award of Excellence 2021 (6 or Higher GPA for the year)
- Academic Award of Excellence 2022
- Academic Award of Excellence 2023

Projects:
Patient Exercise Tracker App for Disability Rehabilitation:

- Acted as a Developer and Client Liaison, leading the team in developing an application to easily track and save patients sessions/exercises, graphing the data and export for use outside of the app.
- Developed the Front End using Figma and React Native, showcasing strong UI/UX design skills.
- Demonstrated excellent communication skills, documentation writing, and full-stack programming in JavaScript.

IOS Application:

- Developed an IOS application using Swift which featured location tracking and storing location data as a note/location keeping app.

Laravel Website:

- Utilized Laravel to create a website for online restaurant ordering, showcasing proficiency in PHP and SQLite for backend development and Bootstrap for frontend design.

	Angular Website: • Utilized Angular and Node.js to build a websites front-end and back-end systems. Strong use of Typescript and JavaScript, utilizing MongoDB for data storage.
2019-2020	**Bachelor of Computer Science** **Griffith University** (Incomplete) **Major:** Software Development
	Diploma of Screen and Media **TAFE Queensland** **Key Skills:** • 3D Modelling & Animation with 3DS Max • Video & Photo Editing with Adobe products • Multiple Group Projects where I took a leading role in managing the group & our tasks

PERSONAL ATTRIBUTES AND SKILLS

- Programming Expertise in Multiple Languages, such as Python, C, C#, PHP, JavaScript, Typescript, Swift as evidenced by my academic studies & consistently high GPA.
- Frontend Experience with HTML/CSS & Libraries such as Laravel, React Native, Angular, & Bootstrap due to my experience with elective web development classes at university.
- Highly Effective Communication Skills because of my University group roles & my experience as a Hospitality Officer at a nursing home.
- Confident in my research and analytical skills due to my academic studies.
- Competent Graphic Design skills due to my Diploma of Screen and Media.

EMPLOYMENT HISTORY

2014-2017   **Hospitality Officer**
Part-Time Position
Blue Care, Redland Bay Area

- Prepared meals for residents and managed the kitchen, ensuring high-quality food service.
- Maintained cleanliness and hygiene standards in the kitchen and ensured compliance with food safety regulations.
- Communicated effectively with co-workers and provided care and support to residents, including feeding, assisting with mobility, and ensuring their safety.
